The following Phased Approach Action steps will be implemented as active COVID-19 cases for students reach the indicated levels:

**Positive Cases**

- **1.56% / 920 students (14 students)**
  - Phase 1
  - The College is notified by the DE Department of Public Health of confirmed positive case(s) and they begin contact tracing with assistance from the Wesley College Nurse.
  - Positive individuals will be required to isolate until retested and can produce a negative result.

- **2.14% / 920 students (20 students)**
  - Phase 2
  - Maintain Phase 1
  - Continue with increased cleaning and reduce the number of dining guests served at one time in the dining hall.
  - Quarantine all individuals who were in contact with a positive individual while not wearing a mask.

- **2.82% / 920 students (26 students)**
  - Phase 3
  - Maintain Phases 1 and 2
  - Further reduce number of students permitted in the dining hall and the Den at one time.
  - Restrict services in the Underground, reduce seating in the lobby of College Center for two weeks.

- **3.51% / 920 students (32 students)**
  - Phase 4
  - Maintain Phases 1, 2, and 3
  - Assess Next Steps:
    1. Recommend all in-person classes and hybrid courses go to an online format for two weeks.
    2. Students remain in residence halls and are required to get tested ASAP.

- **4.19% / 920 students (39 students)**
  - Phase 5
  - Maintain Phases 1 - 4
  - Once all students have documented having been tested, in-person classes can resume.
  - Individuals with positive COVID testing results will continue to remain isolated until a negative test result is produced.

- **4.90% / 920 students (45 students)**
  - Phase 6
  - End all in-person classes and hybrid courses and go on-line for the remainder of the semester.
  - Students move out of the residence halls.
  - Provide housing for special population of students.
